Community Engagement and Photo Voice: Homelessness and Health Disparities

Mi Casa, Su Casa

Store up all your possessions & follow me. The Security & Transportability of a shopping cart; a staple in every homeless community; Metal structure represents strength & endurance. But the wheels, a continuous cycle of despair, long suffering, and inadequate healthcare.

Healthcare for the Homeless, the only publicized, full service clinic that caters to the homeless. Accessible and available, yet a multitude of barriers, stigmas and stereotypes overshadow the desire to seek care. The blinds are shut and the sidewalks empty. A sure sign for a lack of healthcare promotions.

Homeless Camps:

Too Close for Comfort. Communicable diseases and deplorable conditions scream infection control. Trash, feces, rodents, and birds become vectors for transmission.
